[Winebottler For Mac Os Catalina](#)

Wine and Mac OS 10 15 Catalina Posted by 8 months ago Wine and Mac OS 10 15 Catalina.. It's only possible to use Wine for some 64-bit Windows software. Currently Wine still requires 32-bit code to run 32-bit Windows software, which is a problem for Catalina (which dropped 32-bit code support almost completely), and cannot be solved with a simple recompilation.
